

1:1 Coaching Program

with **MARIE DEWULF**, Career Clarity and Work-Life Harmony Coach

My signature program includes:

12 hours of private online coaching, plus a deep-dive kick-off session

where the real work begins, and you learn how to create real meaningful change in your life. You will get clarity on who you are, what you want to develop and how to make it happen. Within the individual coaching sessions, you will increase your self-confidence, and visibility, see your situation from a different perspective, cultivate a positive mindset, better work-life balance and more.

An intake questionnaire that helps you uncover new information about yourself and lets me get to know you, inside out and get super clear on your goals for your career and life.

Personalised practices and homework after each session to help you go from feeling confused/ frustrated/ stuck to clear and empowered. These individual homework assignments ensure you are making sufficient forward progress every single week between the sessions.

Emergency spot-calls between regularly scheduled coaching conversations as needed to get you unstuck and keep you moving forward. I know questions and road bumps can pop up at any time, and I am here to help you keep making progress!

Support in identifying strengths, skill gaps and professional blind spots, plus full accountability and focus on creating a plan to address during every coaching call.
